

Professional Careers with Spofforths

Spofforths

CHARTERED ACCOUNTANTS

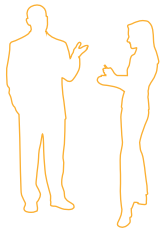

“ My first year at Spofforths has definitely exceeded my expectations and the experience and knowledge I have gained has been unrivalled! At Spofforths you're not just here to make up the numbers. The work is challenging at times but anyone from fellow students right up to partners are always on hand to help.

Spofforths has certainly quashed any stereotypical images that I had of practice firms. ”

Accountancy Careers

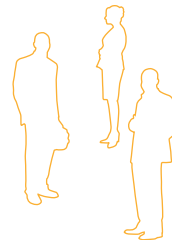

Spofforths provides a range of careers for professional staff in an environment that provides for both professional and personal development. As a large regional accountancy practice we can offer a challenging and varied career across many sectors and businesses. In addition to Audit, Accountancy and Tax we can offer opportunities in Corporate Finance and Tax Consultancy.

Qualified Professionals

Spofforths offers a range of opportunities for qualified ACA's and ACCA's whether you have just passed your exams and are looking for a new challenge or have several years of post qualification experience and want to develop your career further. Spofforths will encourage you to take on more responsibility, develop projects and manage a team of people leading up to looking after a portfolio of clients.

In addition to Continuing Professional Development Spofforths also provides qualified professionals with Management Development training to assist in their career progression. The training is done in groups with similar level professionals from other offices.

Qualified by Experience

Spofforths recognise that exams are not everything. We value technical skill and the ability to get the job done as much as what has been achieved in the exam hall. If you've got what it takes then get in contact with us.

Graduate Trainees

We are authorised by the ICAEW and ACCA to train students for both ACA and ACCA exams. Applicants will ideally have three A Levels, a 2:1 degree and a reasonable level of numeracy. In return Spofforths can provide you with a broad spectrum of practical training in audit, accountancy and taxation together with professional training through Reed College for ACA and BPP or the local college/university for ACCA. Our trainees have consistently achieved prize winning exam performance and we are proud of our students' exam records.

Tax Careers

Direct Entry Trainees

Career opportunities are not restricted to graduates and we are always keen to take direct entry students to study for AAT. We take on students, with at least 3 A'Levels or equivalent to study for AAT at the intermediate level leading to either ACA or ACCA qualification or at the Foundation level, for students with a minimum of 5 GCSE's at grade 'C' or above, to lead to the AAT Technician qualification.

Direct Entry Trainees looking to study for ACA or ACCA should have at least 3 A'Levels at grade C or above and 5 GCSE's including English and Maths at grade C or above. (and good A Levels at grade C or better.)

For AAT Technician, starting at the Foundation stage, you should have 5 GCSE's at C or above in Maths and English. If you have at least three/two A levels you will be able to start at intermediate.

We provide a range of careers in both personal tax and tax consultancy.

Qualified Tax Advisors

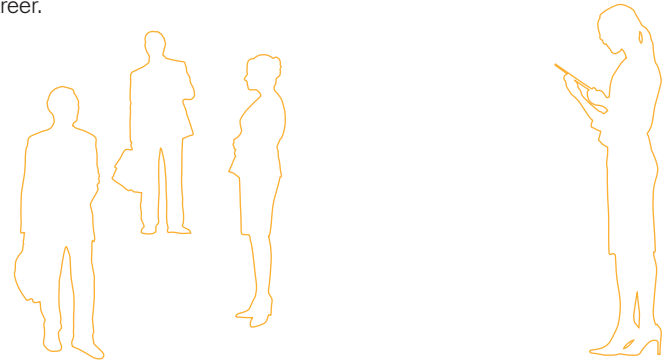

From time to time opportunities arise in our Tax Consultancy Department. If you are interested in providing tax solutions to a wide range of business and personal clients in all fields of taxation then we may have the career for you. Our tax advisors provide high level support to our partners and other professionals and joining Spofforths will provide you with a challenging and rewarding career.

CTA

Spofforths provide CTA training for suitably qualified (ACA or ATT) and talented professionals as part of a progression into our Tax Consultancy Department.

ATT or Qualified by Experience

Spofforths have a large number of personal tax clients spread across all our offices. If you are an experienced tax professional or would like to train in personal tax we may have opportunities for you.

All work and no play?

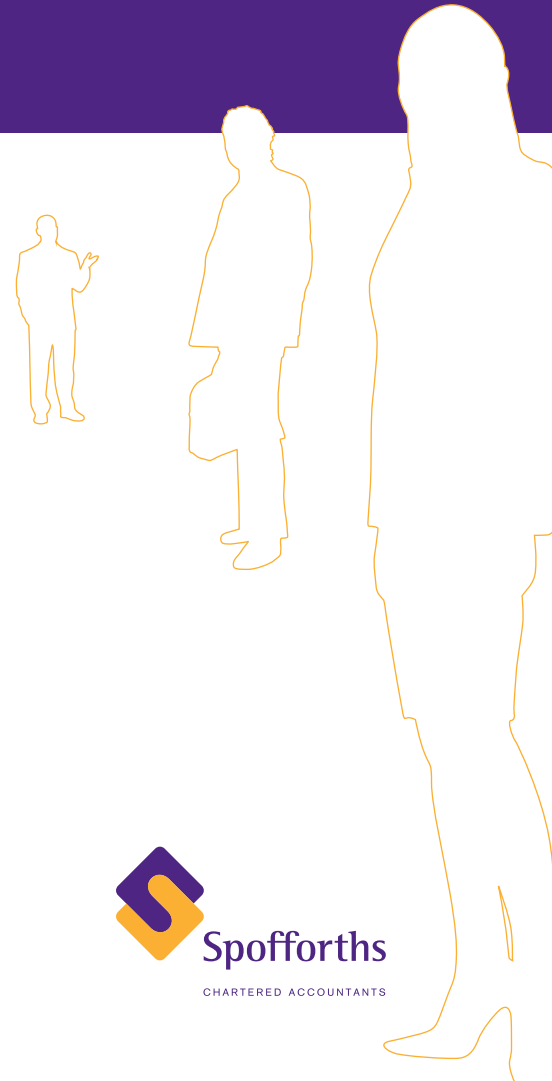

Accountancy and taxation are not just a numbers game. Spofforths has an active social committee that organises cross office competitions and events. Additionally each office organises its own social events.

About Spofforths

Spofforths is a thoroughly modern business with firmly established roots. We are the largest independent firm in Sussex with over 20 partners and 150 members of staff. The firm operates from modern offices based in Brighton, Chichester, Horsham, Storrington and Worthing offering employees a choice of locations with a similar work environment. Spofforths is committed to providing its employees with the best opportunities for training and professional development.
